Application/Control Number: 10/716,654 Page 2

Art Unit: 2819

DETAILED ACTION

1. Claims 1-5 are allowed.

2. The following is an examiner's statement of reasons for allowance: for claims 1-

2, the best prior art of records (see the cited references) does not teach or suggest a

method of providing an automatic gain control in a receiver structure that includes steps

of: computing a percentage of clipped samples; setting a target energy value based on

the percentage of clipped samples; and updating the gain setting based on the target

energy value and the average energy. For claims 3-5, the prior art also fails to teach an

automatic gain control system for regulating a received RF signal that includes a gain

calculation block arranged for determining the target energy value based on the clipping

percentage and the gain setting of the adjustable gain amplifier. Therefore, claims 1-5

are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Contact Information

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Khai M. Nguyen whose telephone number is 571-272-1809. The examiner can normally be reached on 8:00 to 4:30 M-F.

Application/Control Number: 10/716,654 Page 3

Art Unit: 2819

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael J Tokar can be reached on 571-272-1812. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
